Non-contractual photos

STYLISH ,VERSATILE AND TOUGH

Tough but stylish, comfortable and dependable, the HD series offer the perfect vehicle for the demand of the trucking business. When it comes to driver comfort and convenience Hyundai is always right out there at the forefront. The Hyundai HD series offer one of the safest and most ergonomic cabs available. It's not just comfortable, it works with the driver. The whole HD series feature highback seats, built to support, comfort and reduce driving fatigue. Drivers enjoy a maximum field of view which allows them to confidently maneuver in tight spots. The Hyundai HD series engine delivers powerful performance, combined with exceptional reliability and durability, which makes Hyundai trucks so appealing.
